

VIVID audio®

KAYA 45

Wherever you choose to locate it, the KAYA 45 draws you deep into the performance with its focused, natural sound, and reveals your favourite music in the kind of detail you never imagined possible.

KAYA 45

KAYA 45

Modest proportions. Mighty presence.

One of the defining characters of our loudspeakers is the incredible clarity and articulation in the bass. Gone is the muddiness, the blurring of the notes: all is perfectly separate and distinct. And that matters. After all, as Debussy (may have) said: music is the spaces between the notes. That clarity is the result of our patented absorber horn, which eliminates resonances and coloration. In the GIYA series, it curves over the top of the enclosure, creating that unmistakable outline. It's still present, for the same reasons, in the KAYA 45, but folded back on itself, so it fits neatly inside. So you can enjoy the same extraordinary sound, from a loudspeaker that's also easy on the eye.

Specification

Configuration	3 way 4 driver system
Cabinet material	Glass reinforced Soric-cored sandwich composite
Cabinet colour	Piano, Pearl, Oyster Matte
Bespoke cabinet colour	Bespoke colour options available on request
Drive units	HF: D26 - 26mm tapered tube loaded alloy dome MF: C100se - 100mm tapered tube loaded alloy cone LF: C125L - 2 x 125mm alloy cone
Bass Loading	Exponentially tapered tube enhanced bass reflex
Sensitivity	87dB 2.83VRMS/1m
Nominal impedance (Ω)	6 Ohm (2.8 Ohm Min)
Frequency range (Hz)	37Hz- 25kHz (-6dB)
First D26 break-up mode	44kHz
Harmonic distortion (2nd and 3rd harmonics)	<0.5% over frequency range
Crossover frequencies (Hz)	300Hz and 3kHz
Recommended amplifier power	25W- 250W
Loudspeaker dimensions	1153(h) x 298(w) x 385(d) mm MASS 25kg
Shipping dimensions	1245(l) x 680(w) x 450(h) mm MASS 60kg (pair)
