NEW DIMENSIONS IN
LISTENING PLEASURE

NEW PRODUCT ANNOUNCEMENT

KAYA RANGE

At Vivid Audio, our team represents more than four decades of changing the way our customers experience sound. As the creators of the world's finest loudspeaker systems, Vivid Audio are delighted to announce the launch of the **New KAYA range**.

Welcome to Vivid Audio – and the world as you've never heard it before.

THE **NEW** MODEL RANGE

KAYA 90 - THE FLAGSHIP OF THE RANGE

KAYA 45 - DESIGNED FOR EVERYDAY SPACES

KAYA 25 - TRANSPARENT SOUND ON A SCALE

COMING SOON - KAYA S15, KAYA C25

WHY

The NEW KAYA range is the authentic Vivid Audio listening experience, made more accessible. These three-way loudspeakers take all our patented technology and package it in sleek, compact enclosures: perfect for rooms where the sound system is part of the space, rather than the main feature, and great for home theatre. The position of the tweeter and mid-range driver gives KAYA speakers a more directional sound, taking you deeper into the performance. And once you're in there, you can revel in every detail, and the seamless, uncluttered sound field created by our unique engineering-led approach.

KAYA loudspeakers could only be made by Vivid Audio. Those curvaceous profiles. The patented technology. Above all, that astonishing sound quality, free from all resonance and coloration, that opens the window wide on the performance. And of course, they're completely revolutionary, in their own understated way. Smooth, clean lines, and a detailed, focused sound that draws you in, holds your attention. Easy to live with. Truly life-enhancing.

WHEN

The KAYA 90, 45 and 25 are shipping from July 2018.
